

Child Sexual Exploitation

CSE Intent

At Wrockwardine Wood CE Junior School, positive relationships are fundamental to our ethos and our success in being a happy, caring and safe school, that holds our vision of 'love, laugh, learn' at the centre of everything that we do. Through the delivery of our PSHEE and RSHE curriculum, we aim to equip our pupils with lifelong learning about healthy, respectful relationships (both online and offline) so that they are able to develop the emotional and social skills to recognise negative behaviours and risks, challenge attitudes and have the confidence to seek appropriate support, should they need it. We believe that our curriculum content, coupled with our Christian values and Jesus's promise 'I have come to give life and life in all its fullness' (John 10:10) provides our pupils with the skills to enable them to flourish and live a life without limits. We can show our pupils through our curriculum offer that we are loving out loud; supporting their development, fostering positive futures and opening their minds to a future without limits.

We aim for the children in our school to acquire knowledge, develop skills and form positive beliefs, values and attitudes in order for them to become independent, confident, healthy, responsible and safe members of society, with a secure understanding of the diverse world around them and the potential risks that this may pose.

CSE Implementation

CSE is taught through our PSHEE and RSHE curriculum but is also embedded in other areas of the curriculum and day-to-day life of the school. Our pupils are taught by familiar adults, who they have an excellent relationship with, in order to facilitate constructive and supportive discussions around sensitive topics in a safe and secure environment. Our PSHEE and RSHE curriculum has been mapped out clearly in a progression grid, which ensures coverage and awareness of CSE across the year groups.

Our high expectations of behaviour, interpersonal relationships, respect and tolerance of others reflect the British Values upheld in both our community and the wider world. Through our rigorous and progressive curriculum, children develop key skills and are prepared for the wider world beyond primary school, a world in which they can keep themselves safe and healthy and thrive with the support of the positive relationships they forge with those around them.

CSE Impact

It is our school's aim for all our children to have a good understanding of the complexities of relationships and sexual matters and a secure knowledge and skills base to navigate their way through these, now and in the future. Through our PSHEE and RSHE curriculum, we believe we can enhance our children's education and help them to become confident individuals, who have positive body awareness, an in-depth knowledge of how to keep themselves safe and healthy and who will, through respect, tolerance and understanding, forge and maintain positive relationships with a diverse range of family and friendship groups. Through the successful delivery of our curriculum, we believe that we can enhance our children's education and help them all to flourish into caring, respectful and confident individuals, equipped with the fundamental knowledge of how to keep themselves safe in a rapidly changing world in order to live a full life in mind, body, heart and spirit.
