**Introduction**

You may have heard the rhyme 'i before e except after c' but there are exceptions to this rule and we will look at these today as they need to be learnt rather than following a rule.

**Main Teaching Activity**

Using the power point slide, get children to study the beginning and end of the words and try to match them up to make a correct spelling. A few are very similar and so get them to double check their final spellings!

Share the results.

**Independent Activity**

Use the words in the spelling list to create 8 sentences, share with a partner to see if they can be improved and to check the spellings.

Share some sentences as a class.

Monday - match up the beginning and end of the spelling words.
